

RANGE RAT TYPOGRAPHY SYSTEM

Create a typography system for the Range Rat golf app brand that feels premium, modern, athletic, and rooted in golf culture without feeling corporate or like generic startup AI design.

The visual tone should blend:

- modern golf performance technology
- subtle country club heritage
- approachable golf culture
- clean iOS-style usability
- premium athletic branding

The typography should feel:

- refined
- breathable
- confident
- modern
- slightly traditional
- performance-oriented without being aggressive

Avoid:

- futuristic SaaS fonts
 - gaming/esports typography
 - overly trendy startup fonts
 - bubbly or childish typography
 - loud sports branding
 - fake luxury script fonts
-

PRIMARY DISPLAY FONT

Use:

Instrument Serif

Alternative premium option:

Canela

Purpose:

- headlines
- hero sections
- onboarding screens
- premium branding moments
- section headers
- marketing materials

Style Notes:

- elegant but restrained
- subtle golf heritage feel
- modern editorial luxury
- should resemble premium golf apparel branding like Peter Millar or modern country club aesthetics

Rules:

- use sparingly
 - maintain generous spacing
 - avoid excessive italics
 - avoid all caps for long headlines
-

PRIMARY UI FONT

Use:

Inter Tight

Premium alternative:

Söhne

Purpose:

- all app UI
- buttons

- navigation
- forms
- labels
- menus
- dashboard information
- practice tracking UI

Style Notes:

- clean and modern
- highly legible
- athletic but minimal
- inspired by modern golf tech platforms like Trackman
- should feel native to iOS design systems

Rules:

- prioritize readability
 - maintain clean hierarchy
 - use medium and semibold weights primarily
 - avoid overly thin font weights
-

PERFORMANCE / STATS FONT

Use:

DIN Condensed

Alternative:

Oswald

Purpose:

- distances
- session stats
- challenge metrics
- scorecards
- streak counts
- training data

- performance numbers

Style Notes:

- subtle athletic utility feel
- inspired by scoreboard and performance typography
- clean condensed structure
- should create contrast against the primary UI font

Rules:

- use selectively for emphasis
 - ideal for numerical data and compact stat layouts
 - avoid using for paragraphs or large text blocks
-

TYPOGRAPHY BEHAVIOR RULES

DO:

- use generous spacing and padding
- create breathable layouts
- emphasize clean hierarchy
- use sentence case often
- maintain visual restraint
- balance modern minimalism with subtle golf heritage

DO NOT:

- overuse all caps
 - use neon colors with typography
 - use exaggerated font pairings
 - use heavy gradients or glow effects
 - create cluttered layouts
 - make the app feel like a generic sports app or startup dashboard
-

OVERALL TYPOGRAPHY GOAL

The typography should make Range Rat feel like:

- a premium golf improvement platform
- built by real golfers
- modern but timeless
- fun while still professional
- approachable without losing credibility
- premium enough for serious players
- welcoming enough for all golfers

The identity should feel inspired by:

- Peter Millar
- Malbon Golf
- Trackman

The final result should feel distinctly golf-oriented while remaining modern, scalable, and clean across iOS app design, branding, merch, and marketing materials.
